This is a free sample pattern from www.finescrollsaw.com

This pattern is intended for average scrollers. It has been designed for 12 mm. thick wood. If you intend to use other thickness we recommend you to scale the pattern accordingly and maintain the thickness proportions. For example you can increase 6% and use 1/2 inches thick wood.

Instructions:

Start by gluing the four legs B with A, then insert C. Glue the border D. Finally glue the rest of the pieces E and F.

Print in A4 size and increase 50% with a photocopy machine
